Hello Staff,

While I listen to tonight's City Council presentation on municipal districting, I'd like to reach out to you about whether you have any PSAs ready for us to broadcast on our 24/7 terrestrial and internet radio service. I could also interview in a long format on my own public affairs show, someone who could cover the logistics of this process underway. I've interviewed council candidates and commissioners in long format about this; short format like a PSA might be even more beneficial. I'm interested in 60 second spots, which we could really amp up in our baseball broadcasts as well as our music shows. We have other options to which I'm happy to discuss, including whether I'd produce original PSAs for KUCI and possible other media platforms.

Kind thanks for your consideration,
Claudia

Circling back with this offer; your immediate auto-reply did not imply a follow-up of my offer.
Thank you,
Claudia Shambaugh

Hi Claudia,

Thank you for your email. The City is committed to outreach for its districting process and we are open to this opportunity. We will touch base internally and get back to you on next steps.

Thanks,
Kylie
